Amendments to the Specification

Applicants respectfully request that the Specification be amended to include the cross-reference paragraph presented above.

Petition Under 37 CFR §1.53(e) Regarding Allegedly Omitted Items

According to the Notice to File Missing Parts of Nonprovisional Application, **Figures 17A, 17B, and 17C** were omitted from the application. Applicants assert that these items were in fact deposited in the U.S. Patent and Trademark Office with the nonprovisional application papers. Applicants hereby petition under 37 CFR 1.53(e) for reconsideration, and authorize the petition fee 37 CFR 1.17(h) to be deducted from deposit account number 20-1430. Applicants understand that the petition fee will be refunded if it is determined that the items were in fact received by the USPTO.

Evidence establishing that **Figures 17A, 17B, and 17C** were in fact deposited in the U.S. Patent and Trademark Office with the nonprovisional application papers is as follows.

Copy of postcard receipt as stamped with the mail room date from the U.S. Patent and Trademark Office, containing specific itemization of all the items submitted upon filing. The postcard specifically itemizes 26 pages of drawings. Figures 17A, 17B, and 17C were included on Sheet 20 of these drawings.

For convenient reference a copy of originally filed drawing **Sheet 20**, containing **Figures 17A, 17B, and 17C** is also enclosed herewith.

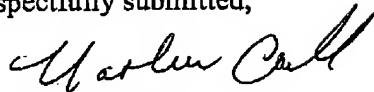

CONCLUSION
